BURY COLLEGE - YOUR FIRST CHOICE

Preparation for university and employment

Small tutor group sizes

State-of-the-art facilities

Experienced tutors with industry knowledge

Develop employability skills

Supported independent study skills

Bury College is proud to offer a wide range of vocational programmes in many subject areas. These courses have been developed to improve your knowledge and skills in preparation for progression.

With a proven track record of achievement, Bury College helps you to prepare for the next stage of your journey in order for you to pursue your dream career.

BENEFITS OF STUDYING A VOCATIONAL PROGRAMME

Bury College vocational programmes are tailored towards your progression onto university or directly into employment. In order to broaden skills and develop abilities, Bury College vocational programmes have been designed with a combination of practical and theoretical learning. This gives you the opportunity to apply your new found skills and further prepare you for the workplace.

WORK EXPERIENCE AND ENRICHMENT OPPORTUNITIES

As a Bury College student, you will have the opportunity to develop transferable work-related skills through industrial work experience placements. Work experience opportunities also add great value to your CVs and UCAS applications.

In addition to this, Bury College also encourages you to take part in wider enrichment activities which can include university trips and visits, sporting activities and fundraising events.

SUPPORTING YOUR STUDIES

A supportive learning environment and access to a dedicated personal tutor means that as a Bury College student you will receive a personal approach to help encourage success. You will receive help and support from experienced members of staff who have industry knowledge of their areas and will be on-hand throughout your time with us to help guide and support you.
